

HƯỚNG DẪN CẬP NHẬT MÃ CODE WIDGET TRIPADVISOR

The screenshot shows the eZ Publish 4.2.0 interface. At the top, there are navigation tabs: Content structure, Media library, User accounts, Webshop, Design, Setup, My account, and Rooms. The 'Content structure' tab is active, showing a tree view on the left with 'Home' selected. A blue callout box with an arrow pointing to the 'Home' item in the tree contains the text: "Click vào Home hoặc Content structure".

The main content area shows the 'Home' page details. A blue callout box with an arrow pointing to the 'Edit' button contains the text: "Chọn ngôn ngữ và click vào Edit". Below the callout, the 'Details' table is visible:

Creator	Created	Section	Versions	Translations	Node ID	Object ID

The screenshot shows the 'Edit' interface for the widget. A blue callout box with an arrow pointing to the code area contains the text: "Chèn code Widget TripAdvisor". The code area contains the following HTML code:

```
<div id="TA_certificateOfExcellence91" class="TA_certificateOfExcellence">
<ul id="UQnM1tOA" class="TA_links DvsGleHh2C">
<li id="U6xVNbeW0" class="Nqp7m6">
<a target="_blank" href="http://www.tripadvisor.co.uk/"></a>
</li>
```

At the bottom of the interface, there are three buttons: "Send for publishing", "Store draft", and "Discard draft".
